

SILVER MEN ASKING ALL TO JOIN HANDS

FIFTY CENT MEN ACTIVE IN THE CAMPAIGN.

J. S. Turner of the People's Party, Publishes an Address—Iowa Bimetallists Endorse Bryan—Michigan Silverites Scored by Committeeman Campau—Timely Political Notes.

Washington, July 15.—Politicians here are anxiously awaiting the populist and silver conventions in St. Louis next week, as many of them believe the result of the November elections will largely depend upon the action taken by the conventions upon the Chicago ticket. The silver men here say that the endorsement of Bryan by the conventions will bring to the ticket several million votes to replace bolting gold men.

The democratic and republican parties are to be represented at the populists' convention, the latter to induce the populists to put up a separate candidate, and the former to prevent such an occurrence. It is almost certain that several of the most prominent democrats in the country will appear in St. Louis before the convention, and will probably be clothed with authority to make pledges.

The bolting of the gold men in every state is calculated, it is said, to cement the silver men, and will do more to cause the populists to endorse the democratic ticket than anything else. The silver men do not believe that the gold democrats will place a ticket in the field and argue that the gold strength will be united upon one candidate.

J. H. Turner, who for the last four years has been secretary of the national committee of the people's party, in a signed statement urges the populists to support Bryan for president.

The second quadrennial convention of democratic clubs will convene at St. Louis, Mo., September 20, and it is believed that 3,500 delegates will be in attendance. Every club is entitled to one delegate, and in addition one delegate for every 100 members. The convention at St. Louis will be for the purpose of discussing the best methods for organizing and working political clubs, and the enthusiasm that will be engendered on that occasion, it is believed, will result in the formation of a large number of additional organizations.

The officers of the National Association of Democratic Clubs are now considering the best means for encouraging the formation of political clubs, and at the convention in St. Louis an effort will be made to advance the work of the national association by adopting what is known as the North Carolina system.

Political clubs accomplish an immense amount of work in Wisconsin, Missouri, Iowa, Illinois, Indiana, Ohio, Kentucky and Tennessee, and it is in these states chiefly that the national association is looking forward to perfect the club organizations. During the last campaign the National Association of Democratic Clubs claimed a membership of about 650,000. This year they will make an effort to increase this total to between 1,000,000 and 2,000,000.

The committee intends sending out an immense amount of literature, and, with this object in view, has now stored at its headquarters 4,000,000 envelopes, franked and ready for use.

SILVER RALLY AT BOSTON.

Old Faneuil Hall Too Small to Hold All the Enthusiasm for Bryan.

Boston, Mass., July 15.—The nomination of Bryan and Sewall was ratified Tuesday night in and about old Faneuil hall, the "cradle of liberty." The crowd surpassed in size and enthusiasm any political gathering of recent years and brought to mind the famous Butler campaigns of the early '80s. The meeting was held not only to commend the ticket nominated at Chicago, but also to extend a welcome home to George Fred Williams and set the seal of popular approval on his course in support of free silver in the national convention. In every respect the demonstration was a complete success. It is estimated that 8,000 people gained admittance to the hall and its galleries, and fully 5,000 people applauded the speakers in the street below. The greatest enthusiasm prevailed.

The republicans held a ratification meeting in Music hall. William M. Butler of New Bedford presided and the speakers were Gov. Roger Walcott, Curtis Guild, Jr., and Senator Henry Cabot Lodge. Gov. Walcott and Mr. Guild spoke of the "honest-money" issue, while Senator Lodge devoted an hour to the tariff question. He maintained that protection was as much an issue as sound money, and argued that if the republican party, after upholding protection for thirty years, didn't stand as formerly by it, now as ever, it wasn't to be twisted with the cause of "honest money."

POPULISTS TO INDORSE BRYAN.

Enthusiasm Shown in Nebraska—Capt. Kolb of Alabama on the Outlook.

Grand Island, Neb., July 15.—There is no longer any doubt that the populist state convention will endorse the candidacy of William J. Bryan. The convention will select delegates to the national populist convention at St. Louis, adopt a brief platform pertaining chiefly to the money issue and select three men to be recommended to the national convention as Nebraska members of the

populist national committee. "D. C. Deaver, ex-chairman of the populist state central committee, is a candidate for Nebraska member of the national committee, and will be urged by Senator Allen and all the leading populists for the chairmanship of the national committee.

Birmingham, Ala., July 15.—Capt. Reuben Kolb, who was the populist candidate for governor of Alabama in the last two elections, and one of the leading populists in the state, says that when the populists hold their convention next week in St. Louis Bryan will be endorsed for the presidency, and the democratic platform adopted from beginning to end. As to the vice-presidency, he intimated that Sewall is not acceptable, and that a running-mate for Bryan will be named.

INSTRUCT FOR BRYAN.

Iowa Bimetallists Convene—No Division of Sentiment.

Des Moines, Iowa, July 15.—The Bimetallist Non-Partisan Silver League opened its state convention Tuesday with 500 present, equally divided between the republican and democratic parties. The convention was called to order by Amos Steckel of Bloomfield, state chairman, who introduced S. H. Bashor of Waterloo as temporary chairman. J. W. Cliff of Des Moines, ex-secretary of the state senate, a well-known republican politician, was made temporary secretary.

There was no division of sentiment as to the platform. The resolutions were of great length. After endorsing the principle of silver coinage at 16 to 1, Bryan and Sewall for president and vice-president were endorsed, and the state delegates were instructed to vote for them at the St. Louis convention.

The first resolution sets out the importance of the financial question. The second denounces the gold standard and demands free coinage at 16 to 1. The third denounces the national banking system, and the fourth denounces the issue of bonds during the time of peace. The last resolution indorses Bryan.

POPULISTS OF SOUTH DAKOTA.

State Convention Receives Mention of Mr. Bryan's Name with Cheers.

Huron, S. D., July 15.—The populist state convention is in session here. The meeting decided to recommend to the populist convention the endorsement of the nomination of William J. Bryan for president, and to secure his election. The platform declares against private monopoly of public necessities, declares for government ownership of railroads, free coinage of silver, postal savings banks, direct legislation and election of United States senators by direct vote of the people. It denounces the state administration, recommends the Iowa railroad law, indorses Senator Kyle and extends congratulations to Pettigrew and his colleagues. It instructs its electors for a free silver president, and instructs its delegates to the national convention to unite with the silverites, and recommends that the prohibition question be voted upon according to the dictates of the voter.

Another Opponent of Free Silver.

Chicago, July 15.—The National Business Men's league, organized three years ago in Boston, is taking a hand in the present fight against the free coinage of silver. Through its secretary, Leonidas L. Hamilton, it presented an address to the republican and democratic parties, while assembled in convention, asserting that "the necessity of pledging the good faith of your party organizations to the maintenance of the monetary standard of the civilized world has become imperative." Now it addresses the business men of the United States, urging the same thing.

Teller Will Support Bryan.

Denver, Col., July 15.—Senator Teller has returned to Denver from Manitou, where he has been in conference with Senator Dubois of Idaho and Congressman Harman of Montana as to the course the silver republicans shall pursue in the approaching campaign. They have postponed their conference until other silver republicans can arrive. They will probably then issue a statement of their position. Senator Teller makes no concealment of his intention to support Mr. Bryan for the presidency. He will not permit the use of his name at the St. Louis populist and silver convention.

No Right to the Name Democrat.

Detroit, Mich., July 15.—Daniel J. Campau, the new Michigan member of the national democratic committee, in speaking of the Michigan bolters, says: "They have no right to the name of democracy and no right of inheritance to any part of its long and luminous history. As much as they assume to fear repudiation they are nothing but repudiators. The party in the state is not going to suffer because some men will no longer control conventions, and some others quit holding office." Campau has received word that the presidential candidate will make several speeches in the state this fall.

Peffer Withdraws Opposition.

Wichita, Kas., July 15.—Senator Peffer has written a letter to the editor of the Kansas Commoner, the leading populist paper of southern Kansas. It shows that he has withdrawn his opposition to the indorsement at the populist national convention of W. J. Bryan, and will be an enthusiastic supporter of the democratic nominee. With the accession of Peffer to the Bryan forces the populists of Kansas are practically a unit for the democratic nominee.

FAURE VERY NEAR TO CARNOT'S FATE

FRENCH PRESIDENT HAD A NARROW ESCAPE.

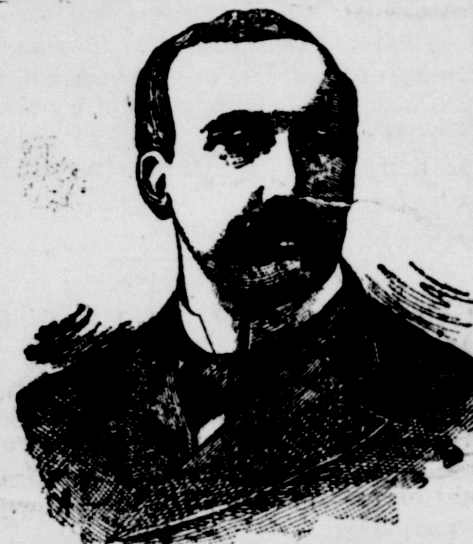

The Attempt to Assassinate Him at Longchamps Was Frustrated Almost as if By Providence—People Wildly Enthusiastic Over His Escape—Later Details.

Paris, July 15.—President Felix Faure narrowly escaped death at the hands of a would-be assassin Tuesday. The president had gone to Longchamps to review the troops. He had no sooner entered the field than a man in the crowd stepped forward and fired a revolver at him. The shot did not take effect. The would-be assassin was at once arrested. He declared that he had only fired a blank cartridge and that he had no intention of killing the president.

The news of the attempt upon the life of the president spread with great rapidity among the crowds of people who were celebrating the national fete day and created an immense sensation. The president after the exciting incident, was everywhere received with cheers, the populace taking that means of expressing their gratification at his escape from a violent death.

As President Faure, seated in an open carriage and accompanied by M. Melpe, the premier, and MM. Boisdreffe and Tourney, appeared upon the reviewing stand at Longchamps, a well-dressed man, apparently about 40 years of age, who had been leaning against a tree, took deliberate aim and fired twice in quick succession with a revolver at the president. The man had no time to fire again before the crowd closed in upon him and seized him, and but for the intervention of the police the would-be assassin would probably have been lynched.

The name of the man is given as Francois. It appears that some time ago, in order to draw attention to a supposed grievance which he harbored,

PRESIDENT FAURE.

He fired a revolver in the hall of the chamber of deputies. Francois declares that he had no desire to harm President Faure, but that the sole purpose of his act was to secure a hearing by the president of his grievances.

Another man named Boulant was also arrested at the same time as Francois. When the latter had fired at the president and the crowd rushed at him with a threatening aspect, Boulant came to his defense, exclaiming: "Well done; that's the man for me."

The full name of the man who attempted to assassinate the president is found to be Eugene Marie Francois. His record proves to be well known, and he has before been under the surveillance of the police.

After the excitement of the sensational firing upon the president had somewhat subsided the incident began to be regarded as only the irresponsible and harmless act of a madman, but nevertheless several of the ambassadors of foreign powers and diplomats called upon President Faure to offer their felicitations and sovereigns telegraphed their congratulations upon his escape.

May Be in Laurier's Cabinet.

Winnipeg, Man., July 15.—Though no definite announcement has yet been forthcoming, politicians take it for granted that Premier Greenway, who has gone to Ottawa on Mr. Laurier's invitation, will accept the vacant portfolio in the Laurier cabinet. This must mean that Greenway, in becoming Laurier's lieutenant, has agreed to compromise the parochial school question.

To Join Republican Ranks.

Philadelphia, July 15.—Col. Joseph F. Tobias, the veteran democrat in the front rank of war democrats, who are members of the Union league, said he and his fifty associate democrats of the league would vote for McKinley. They will organize next month to help the republicans annihilate free silver.

Bryan Visits Centralia, Ill.

Centralia, Ill., July 15.—William J. Bryan left Salem Tuesday evening for a short trip to Centralia, where it was arranged to hold a reception at the residence of Capt. S. L. Dwight. The candidate was accompanied by Mrs. Bryan.

Will Import Oleomargarine.

Berlin, July 15.—The federal council has rejected the oleomargarine bill. This bill, had it become a law, would in effect have prohibited the importation of oleomargarine from the United States.

Fear Trouble at Star City, Ind.

Shelburn, Ind., July 15.—Sixty miners visited Star City to persuade the miners, who returned to work Monday to quit, but all efforts were of no avail.

VANDERBILT FALLS LIKE HIS FATHER

STRICKEN WITH PARALYSIS AND VERY LOW.

Multi-Millionaire at the Point of Death—Worry Over His Son's Marriage Believed to Be the Cause—Family Gathered at the Bedside—Fearful of Speedy Death.

New York, July 15.—Cornelius Vanderbilt, Sr., came to town from Newport on Monday to see his son and to take him back to Newport, if his condition permitted. He found his son convalescent, but suddenly became very

CORNELIUS VANDERBILT.

ill himself. Messengers were sent to Drs. Draper, Delafield and McLane, who at once went to the house. Mr. Vanderbilt's condition became worse later. Early in the evening passers by the Vanderbilt mansion were surprised to see parts of Fifth avenue and Fifty-seventh street strewn with tan bark.

Every one in the house was reticent as to the nature of Mr. Vanderbilt's illness, though it is believed to be a light attack of paralysis caused by worry over his son's proposed marriage to Miss Wilson.

At first no one would admit that Mr. Vanderbilt was ill, but when the tan bark was spread around the house they reluctantly confessed it. So ill was he that Cornelius Vanderbilt, Jr., did not go out at all, but remained with his father. Mrs. Vanderbilt and her daughter are at the Breakers, but are expected in town today.

It is feared that the son's decision to marry with or without his consent has worried Mr. Vanderbilt so much that it brought on the paralytic stroke. Young Mr. Vanderbilt drove in Central Park with Miss Wilson on Monday for the first time since the attack of inflammatory rheumatism compelled him to put off his marriage. Though still very weak, he is able to about the house, and will be with his father till he is out of danger.

The marriage, which it was expected would take place this week, will be postponed till his father's health is restored.

ENDEAVORERS LEAVE.

Big Tents Being Taken Down, as the Great Convention is Ended.

Washington, July 15.—Some of the Christian Endeavorers who came to attend the fifteenth annual convention of the union have already left Washington, but about 10,000 remain to spend a few days in visiting points of interest they were not able to see before, owing to the full programme for each day of the convention. The big tents are being taken down, and, with the exception of a bicycle parade in honor of the visitors, there is nothing remaining to show that there has just been brought to a conclusion one of the most successful conventions in the history of the Christian Endeavorers.

Glass Workers May Unite.

Alton, Ill., July 15.—The American flint-glass workers are considering a plan to co-operate with the Green Glass Workers' Union. The manufacturers have demanded quite a reduction in the prescription department but the scales in this and the chimney and press branches remain practically unchanged. In the later the scale is unchanged on agreement to allow it to remain until 1897.

Resume Silver Coinage in 'Frisco.

New York, July 15.—A dispatch from San Francisco received in New York says: "On orders from Washington the coinage of silver at the mint in this city will be resumed at once. In the last year little silver has been coined here. Now, according to the plans of the treasury officials, the Pacific coast is to be deluged with silver."

Voorhees Still a Candidate.

Terre Haute, Ind., July 15.—Ex-Congressman John E. Lamb said yesterday: "I have just received a letter from Senator Voorhees. He is at Mackinac, and says his health is constantly improving. He will take an active part in the campaign, and will be a candidate for re-election to the Senate."

Railway Conductors Meet.

Cedar Rapids, Iowa, July 15.—The board of directors of the Order of Railway Conductors is in session at the office of the grand chief conductor in this city. The board will consider several appeals to it regarding insurance and other matters.

ST. LOUIS CONVENTIONS.

Leaders in the Populist and Silver Parties Are Now Arriving.

St. Louis, Mo., July 15.—The rush of politicians to attend the populist and silver national conventions has not yet set in, although a few of the leaders have arrived. Chairman Taubeneck and Sergeant-at-Arms McDowell of the populist national committee predict one of the largest crowds that ever attended a convention. "Many of the best men in the party will be here," continued Chairman Taubeneck. "There will be 1,350 delegates, representing over 2,000,000 voters. We have every reason to believe that in point of numbers attending it will far outrank the republican convention. We shall meet in the same building, which will afford an opportunity to observe the strong points of difference."

The convention of the national silver party, which convenes in this city July 22 at the Exposition building, will vie in numbers with that of the populists, which meets the same day. The national silver convention will have 1,200 delegates and as many alternates, coming from every state in the union, the representation being based on the estimated strength of the advocates of silver at the ratio of 16 to 1, irrespective of former party affiliations.

Among some of the men of national prominence who will attend the convention are Senators Stewart and Jones of Nevada, Teller of Colorado, William P. St. John of New York, who a few days ago was forced to retire from the presidency of the Mercantile national bank of New York on account of his advocacy of silver; Senator Dubois of Idaho, Senator Mantle of Montana, Senator Pettigrew of South Dakota, ex-Congressman Lafe Pence, Congressman Hartman of Montana, Congressman Newlands of Nevada, Editor B. O. Flower of the Arena, Boston, and others. It is understood that Mr. St. John will be the chairman of the convention and that either Senator Stewart or Mr. Newlands will be the chairman of the committee on resolutions.

Michigan Leaders Secretive.

Detroit, Mich., July 15.—It is hard to tell where sound money men of Michigan stand on the question of another convention and a ticket representing their monetary views. The leaders are chary about expressing themselves on the subject. Don M. Dickinson has uniformly refused to talk on the matter for publication. The Free Press favors another convention, as it will, it says, give democrats who cannot abide by McKinley's tariff views a chance to vote for a man more to their liking. It is of the opinion, though, that the question of another convention is secondary in importance to that of carrying the congressional elections for sound money.

Silver Talk from England.

London, July 15.—Moreton Frewen has a long letter in the Times in defense of the American silverites in which he says: "If nothing but war is held by the financial purists to justify the suspension of specie payments I may rely upon it that in the pre-temper of millions of American, also, Mr. Frewen in his left, discov-ens a pretext for war will be discovered. The imprudence as rogues newspapers for denouncing men with and socialists the very thing required to conduct diplomatic relations."

Will Stop 2,000 Spindles.

Fall River, Mass., July 15.—A circular letter, read from T. H. Martin, secretary of the Southern Textile association, states that of the 2,500,000 spindles in the south, 1,223,000 will be stopped for varying terms. The factories operating there are located as follows: Alabama, 138,000 spindles; Georgia, 460,000; North Carolina, 547,000; Tennessee, 80,000; South Carolina, 178,000; Virginia, 103,000; Mississippi, 39,000; Kentucky, 21,000; Louisiana, 57,000. Some of these agree to close until August 1, others for sixty days and the remainder until October 1.

Vilas Preparing a Statement.

Madison, Wis., July 15.—A meeting of the nineteen Wisconsin delegates to the Chicago convention, who refrained from voting, will be held in Milwaukee the latter part of this week, and a plan of action for the campaign agreed upon. An address to the voters of the state, is now being prepared by Senator Vilas. It will be looked over by General E. S. Bragg before it is submitted to the meeting of delegates. It will very likely urge the placing in the field of an independent ticket.

National Party to Issue a Call.

Chicago, July 15.—Representatives of the national party met yesterday and decided to call a state convention every in August to nominate a full state ticket. The call will be issued next week. The national party is composed of the broad-range prohibitionists who helped the Prohibition convention and who desire to secure the destruction of the liquor traffic and the inauguration of female suffrage, free coinage of silver, the initiative and referendum and other reforms.

Bryan Club in New York.

New York, July 15.—The preliminary steps have been taken here toward the organization of the first Bryan and Sewall club, and the head of the movement is Congressman Sulzer. One of the special objects of the formation of a campaign club is to give the Chicago convention nominees a good reception at a modification meeting

THE MISSING MARINETTE MEN REACH SHORE.

They Have Been on Green Bay Forty-Eight Hours and are in a Serious Condition From Fatigue and Exhaustion—Fly Wheel Wrecks a Building.

Marinette, July 15.—Joseph and William Barber and two employees who were drifting on an old scow in Green Bay for two days and nights were rescued this morning off Chambers Island. They were nearly starved and in serious condition.

Marinette, July 15.—The main shaft in the electric power house last night gave way and sent the fly wheel through the building which was wrecked. The engineer had a miraculous escape. Two thousand dollars will hardly cover the loss.

BASEBALL REPORT.

Games Played in the National League Yesterday.

The three leaders won yesterday and moved a peg ahead on the next club. Boston went down at the head of the Ohio, and by virtue of their good victory the Pittsburgs passed the Colts and crawled upward toward Boston. Today the same teams play over the circuit, and tomorrow a new series begins, which sees the eastern and western candidates for the flag of '96 pitted against each other. Yesterday's games:

CLOSE FIGHT IN IOWA.

So Many State Candidates—The Possible Combination.

Des Moines, Iowa, July 15.—The republican state convention is likely to be full of surprises and sharp political trading. There will be 1,143 delegates in the convention, requiring 572 to nominate. Of that number no candidate for any of the three offices for which there are contests can boast of sufficient pledges to nominate. None, in fact, exceed 400 votes on the first ballot by their own estimate.

E. D. Chassell of Lemars and George L. Dobson of Des Moines are neck and neck for secretary of state. C. S. Byrkit of Des Moines and George Hanford of Charles City hold about an equal number of delegates, but both have less than the leaders. The combination appears to be between Dobson for secretary of state, Dawson for railroad commissioner and Ladd or Weaver for Supreme judge. Whether the opposition will be strong enough to break it before the convention meets or whether the combination can win in any event are problems that the best republican politicians in the city at present hesitate to attempt to solve.

The following nominations will be made by acclamation, being in each case renominations for second or third terms: Auditor of state, C. G. McCarthy of Story county; treasurer of state, John Herriott of Guthrie; county agent, Milton Remley.

There was some talk about the hotels of an attempt to make a fight for silver in the convention. But ardent silver men did not care to father it.

"Sound-Money" Democrats.

Chicago, July 15.—The "sound-money" democrats of Illinois are not making very rapid progress as yet with their plan to place a separate ticket in the field. The responses received from the leaders of the party in other states have not been as encouraging as they might have been, and now there is some talk of the radical element among the gold men proceeding to put up a national ticket without the concurrence or aid of the regular party organizations in the eastern states.

Stand of Ohio Populists.

Columbus, Ohio, July 15.—The delegates from this district, as well as nearly all from this state, to the national populist convention at St. Louis are instructed against fusing with any other party. P. J. Fishback, one of the delegates from this district, said, however, that these instructions would probably be evaded at St. Louis by nominating Bryan anew with no reference to his nomination by the democrats.

MISS KIRK WRITES FROM THE CAPITAL

THE GAZETTE EXCURSIONISTS
SCATTERED ABOUT TOWN.

The Week Has been Delightful—On the Way East the Wisconsin Delegation Had Control of the Train—The University Yell Given With Great Effect

Washington, D. C., July 13. Dear Gazette—The fact that I ought to write you, has weighed heavily upon me ever since my arrival here, but I do assure you that writing letters is well nigh an impossibility here, especially to a delegate. However, "better late than never" and I will now try to give you some little idea of the great convention, and more especially of the doings of the Wisconsin and Janesville delegation.

First, in regard to our trip. We were an hour and a half late in leaving Chicago, and several hours late in arriving at Washington. On our train, besides the Wisconsin delegates, who occupied two sleepers, and a chair car, and numbered in the neighborhood of 150, there were the Kansas, Iowa and Minnesota delegations, also a few scattering ones from other western states. I certainly think the Wisconsin crowd fully sustained the reputation they earned last year at Boston, for being the noisiest crowd there, for a goodly company of Wisconsinians kept the occupants of all five sleepers in a continual state of expectation as to "what next?" For they did everything conceivable from the Wisconsin University yell, which is considered the noisiest of college yells, to all sorts of original songs, mostly to the tune of "We won't go home till morning," and more or less applicable to the several delegations in whose honor (?) they were composed and sung. The U. W. yell is "U-r-a-h-r-a-h Wisconsin!" repeated three times very emphatically ending in a tremendous warwhoop, which is very effective.

Visits Made on the Train.
Our time was passed in paying our respects to the various state delegations in the manner above mentioned and receiving in return calls from them. We also held a business meeting at which Raymond Frazier, of Dixon, was elected chairman of one session in the absence of our state visitor. A prayer and praise service, also held both days we were in the city.

enjoyable in all, we had a very sea-sickness, aside from a little dizziness and the usual showers of dent to traveler discomforts incident about our meals. The only trouble few and far between that they were at a loss to decide what we were eating breakfast, dinner we were on our arrival here we were met by a crowd from the E Street by a church, who immediately took possession of the Wisconsin delegation and carried us off, even little boys and Wisconsin banners, calling "This Wisconsin." At this church, our headquarters, we received an official programme, city map and our convention badge; also were assigned to our respective places.

The Janesville delegation, consisting of Nettie Harrington, Luella Davey, Robert Knoff and your correspondent, is, I believe, scattered to the four corners of this fair city. Right here there are ten Wisconsin delegates, from Oshkosh, Fond du Lac, Green Bay, Watertown, and Janesville, and a noisy and jolly crowd we are.

All Cherish Capital Sights.
We have all fallen hopelessly in love with our national capital, and pronounce it unanimously the most beautiful city we have ever seen or expect to see. Its wide, paved streets, kept beautifully clean all the time, and lined with fine shade trees, are something to be proud of, and the variety and number of the different interesting places, which "You really ought not to leave the city without seeing," is perfectly bewildering to one who has a six days' convention to attend, with two or three extra to take in the sights of this most beautiful and interesting city.

So far we have visited the capital, Mount Vernon, Arlington cemetery and a few places of minor importance. In a drive round the city we saw our Wisconsin senator's fine residence, that of Senator Sawyer, which certainly compares very favorably with anything we saw, not excepting any of the foreign legations.

Encampment is a Great One.

As to the Fifteenth International Christian Endeavor convention, it is undoubtedly one of the most successful, both in point of numbers and interest. As yet, I do not know the

official count, but judging from the immense crowds pouring in and out of the three great tents in the "White Lot," under the shadow of the magnificent Washington monument, I should say it bids fair to rival any previous convention. There are three immense tents, Williston, Endeavor and Washington, which are crowded to their utmost capacity at every meeting, besides a great many overflow meetings in the churches. On Saturday afternoon there was a great outdoor mass meeting in front of the capitol, with music by the famous Marine Band and a chorus of 4,000 trained voices. Also a grand march of C. E.'s from the capitol down Pennsylvania avenue. We have for leaders in the singing such men as Sankey, Excel, Bihorn, Foster and others, and the famous speakers on the program it would take too long even to mention. Assuring you of the very warm and hearty welcome which Washington has accorded us, and trusting I have not trespassed on your good nature by this lengthy epistle, I am sincerely yours,
GRACE KIRK.

CROOK HAD PREACHERS LISTED.

Frank Jones Seemed to Have Designs on Several Local Clergymen.

Frank Jones, the stranger who was arrested on circus day by Chief Acheson for being a crook, and who has been in jail ever since has been released. There was not enough evidence to convict him. Jones is believed to be a crook out of the ordinary run. When arrested he had in his possession a piece of paper bearing the names and places and residence of Father R. J. Roche, Dean E. M. OUTING CLUB'S SECOND PARTY.

Most Delightful Time at Crystal Springs Park Last Evening.

Thirty-six couples attended the second of the Outing Club parties last evening. The steamer Columbia left her dock with the jolly party at 5:15. Supper was served under the trees when the summer twilight along the river had been enjoyed, there was outing—now in the pavilion, now prospective places.

MAGAZINES OF THE MONTH.

Gunter's Magazine.

Gunter's Magazine is a welcome addition to the lines of American economic and political science. The current number discusses the Japanese economic effort, the theory of economics, the theory of labor and injunctions, the constitution, state ownership, of railways and depression among farmers. The economics of the magazine are reviewed as well as the new books that fall within the province of the periodical.

The Season.

The Season for July, just received, is a magazine that commends itself as a first-class journal of fashion. dealing only on the subject of dress and art decorations. To lovers of the beautiful it has especially fine designs for every kind of useful and ornamental needlework, painting, crocheting, knitting, lace work, and scroll and scorch work; in fact everything new can be found carefully illustrated and so clearly described that it is easy to reproduce the pretty artistic things displayed from time to time.

CHURCH BORN 1838; A COUNTY PIONEER

CELEBRATION OF THE 58TH ANNIVERSARY PROPOSED.

President Whitford Says This is The First Church Founded in Rock and Wants People Throughout the County to Join in Marking an Interesting Fact.

The fifty-eighth anniversary of the oldest church in Rock county, will occur August 16, the third Sunday in next month.

The church is the Congregational, now at the village of Milton.

It had its preliminary organization August 16, 1838, and its completed one, August 16, of the same month and year. The proceedings on the first occasion, August 1, were as follows, as taken from the records of the church:

"At a meeting of a few brethren and sisters in Christ, held according to previous notice, in the house of Brother A. Dickinson, in Rock county, W. T., August 1, A. D., 1838, Brother Jason Walker chosen Moderator, Brother N. G. Storrs chosen Clerk. The following resolutions were presented and adopted:

"1. RESOLVED, That for the purpose of concentrating Christian influence, sustaining religious worship and gospel ordinances, and the advancement of the Redeemer's cause, it is important to establish churches in the growing settlements of the west at as early a period as there may be a reasonable expectation of their being sustained.

"2. RESOLVED, That in the opinion of this meeting, the time has now arrived when a Presbyterian or Congregational church should be organized in this country.

"3. RESOLVED, That a committee be appointed to take measures for carrying the foregoing resolutions into effect as circumstances admit."

A. Dickinson, A. G. Storrs, and A. Fletcher were chosen said committee, and it was voted to recommend a Congregational form of church government.

Church Formally Organized.

In the account of the proceedings on the second occasion, August 16, are found the following items:

"At a meeting duly appointed to be held at Ansel Dickinson's, in Rock county, W. T., August 16, A. D., 1838, the Rev. William M. Adams was present by request, and acted as moderator." Nathan G. Storrs was chosen clerk.

Then follow the names of nine brethren and sisters, who "were present and requested to be formed into a church of Christ, and they were duly constituted a church to be called the First Congregational church of Rock county." This church is now located, as already stated, at the village of Milton, and is the Congregational church of the place.

The log house of Ansel Dickinson, in which both meetings for the organization of the church were held, was located in the town of Harmony, on the farm of George Airis, and in the edge of a beautiful grove about a quarter of a mile north of the residence of the latter and of the lot on which the meeting house stood, where this church worshipped, some of the time for a few years.

A Prophet on Mount Zion

A half mile to the west is Mount Zion, where Rev. Joseph Steele Gallagher, then an officer in the American army pursuing Blackhawk northward in Wisconsin, stood July 1, 1832, six years before the church was formed and uttered the wish that the prairie, "the paradise of God" he saw, might soon "hear the sound of the church-going bell and the merry shout of children returning home from school." There can be no question but that this spot is the one he visited. As the bluff at Mount Zion was once described to him, and its location in reference to this line of march of the army, he said, "that must be the place."

Now, as to the purpose of this article. Would it not be advisable for the members of this Congregational church to make Sunday, August 16 next, a vacation when they shall hold appropriate anniversary exercises at the very spot where the church was organized, the house of Ansel Dickinson, and invite other people of the county to celebrate the event with them?

Unrivaled Shirt Waist Sale.

On page eight of this evening's issue our large ad speaks of a sale of shirt waists that has not seen its equal in some time. As you will notice we have reduced the already low prices to a marked degree. The 50 cent waists go at 39 cents; the 75 at 59 cents; the \$1.00 waists at 69 cents; the \$1.25 at 89 cents; the \$1.50 at 99 cents. There will be no hesitation on the part of purchasers in buying as the waists were great values at former prices. Bort, Bailey & Co.

Shirt Waist Sale.

This is not a job lot of damaged and misfit waists put on the market at low prices because a low price is all they are worth but our regular stock, selected pattern by pattern with great care and offered to you at a less price than they can be manufactured for. Bort, Bailey & Co.

WHAT THE FLYERS ARE DOING

Most of the Horses That Will Race Here Now at the Track.

Although a majority of the horses that will compete in next week's races are now here, owing to the declaring of the Geneva races off, some of the horses that Janesville people will see are still at Aurora, Ill., and will come from that city to Janesville. Brown Bess, who is entered in the 2:50 trotting class here, raced in the 2:45 class yesterday, but was behind the money. The best time was 2:21. J. F. Hanson, who is nominated in the 2:30 trotting class here, raced in the 2:21 class, but finished in eleventh place in 2:19. In the 2:15 pacing race, Clint Cliff and Flash S., both of whom are entered in the 2:16 pacing class here, started, Clint Cliff got third money by running the first heat in 2:16, but Flash S. was at the bottom of the summary.

DIED IN THE CLUB ROOMS

Dr. C. W. Robbins, the Salesman, Passes Away Suddenly in Madison.

Dr. C. W. Robbins, who made regular visits to this city as traveling salesman for a Minneapolis flour firm, was found dead in the rooms of the Madison club at Madison. The cause of his death is supposed to be heart trouble. A coroner's jury returned a verdict of death from natural causes. He made his headquarters at Madison and arrived there the night before. He was sleeping on a lounge in a small room off the main room, where he often slept, when the janitor went to dinner and was found dead when the janitor returned. He had evidently passed away in his sleep without a struggle as the body was in a natural position. He was 45 years of age. A wife and two children living at Burlington, Wis., survive him.

WEED COMMISSIONERS AT WORK

Warm Days and Frequent Rains Have Added to Their Labors.

This has been a great season for weeds, hot days and frequent showers having developed sour dock, saw thistle and wild parsnip in great luxuriance. Weed commissioners and plenty of work and P. H. Torphy of the town of Center, who is just starting on his rounds says he will have occasion to serve notice on almost every farmer in the town. The weeds which are specified as noxious by the state law are Canada thistle, burdock, white or ox-eye daisy, snap dragon or toad flax, cockle bird, sow thistle, sour dock and yellow dock, mustard, wild parsnip and sweet clover.

Shirt Waist Sale.

Our entire stock of shirt waists have got to go and go quick, and this is the way we are going to move them. 50 cent shirt waists go at 39 cents. 75 cent shirt waists go at 59 cents. \$1.00 shirt waists go at 69 cents. \$1.25 shirt waists go at 89 cents. \$1.50 shirt waists go at 99 cents. Every one of these waists have the large bishop sleeves. Bort, Bailey & Co.

Direct Shipment.

We have just received direct from the factory, a large invoice of lamps. The cases and barrels have not yet been opened but will have some great lamp bargains for you soon. Lowell Hardware Co.

Only Three Left.

We have but three refrigerators left, and we are bound to sell them at once; cost prices marked them all. We need the room for other goods. Lowell Hardware Co.

DAY SPENT AMONG RICH FARMS

Gazette Correspondent Tells of a Ride Through the Town of Milton.

Of none more truly than of farmers and farmers' wives can it be said that they do their best to keep the financial wheels in motion. No 7 o'clock whistle sends them to the field to mount the mower seat. They were there an hour before and they are deaf to the one which at 6 o'clock sounds the release through shop and workshop each evening. The shades of night tell farmers when to stop—no eight-hour day will answer when grass needs to be cut and grain is ripening fast.

Such industry brings its reward. The wandering scribe in riding through Rock county was struck by many places of substantial beauty. Two miles west of Milton Junction is one owned by J. G. Carr—truly a tasteful, well-provided home. Continuing further north, S. C. Carr's place is seen, a fine looking white brick house with outbuildings to correspond—barns well filled with hay, and more to be cut; grain fast ripening, and evidence of plenty on every hand. A Rock county welcome is extended to the visitor here, and open handed hospitality reigns.

There are many places in the neighborhood worthy of a word, but one that attracts special notice is that of U. G. Miller, son of the well known stockman of the town of Porter. Here is a spacious residence surrounded by groups of well grown trees and good out buildings, which are constantly being augmented. A large portion of the farm is rich bottom land hidden by its burden of crops. Mr. Miller has nearly finished a handsome barn 60 by 64 feet for hay and stock feeding, and shows that he has inherited his father's tastes and ability in the most profitable line of farming.

HOT WEATHER DYSPEPSIA.

Thousands Suffer From It at This Season of the Year.

Hot weather dyspepsia may be recognized by the following symptoms: Depression of spirits, heaviness and pain in the stomach after meals, loss of flesh and appetite, no desire for food, bad taste in the mouth, especially in the morning, wind in stomach and bowels, irritable disposition, nervous weakness, weariness, costiveness, headache, palpitation, heartburn. It is a mistake to treat such troubles with "tonics," "blood purifiers," "cathartics," "pills," because the whole trouble is in the stomach. It is indigestion or dyspepsia and nothing else.

All these symptoms rapidly disappear when the stomach is relieved, strengthened, and cleansed by Stuart's Dyspepsia Tablets. They should be taken after meals and a few carried in the pocket to be used whenever any pain or distress is felt in the stomach. They are prepared only for stomach troubles. Stuart's Dyspepsia Tablets are endorsed by such physicians as Dr. Harlandson, Dr. Jennison, and Dr. Mayer, because they contain the natural digestive acids and fruit essences which when taken into the stomach cause the prompt digestion of the food before it has time to ferment and sour, which is the cause of the mischief.

Stuart's Dyspepsia Tablets are pleasant to take and unequalled for invalids, children and every person afflicted with imperfect digestion. It is safe to say they will cure any form of stomach trouble except cancer of the stomach. Nearly all the druggists sell Stuart's Dyspepsia Tablets. Full sized packages at 50 cents. A book on stomach troubles and thousands of testimonials sent free by addressing Stuart Co., Marshall, Mich.

It would be hard to convince a man suffering from bilious colic that his agony is due to a microbe with an unpronounceable name. But one dose of DeWitt's Colic and Cholera Cure will convince him of its power to afford instant relief. It kills pain. C. D. Stevens.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other serious liver troubles that follow neglected colds. C. D. Stevens.

died at Middleboro, Mass., aged 45. "Gen-
eral" Tom Thumb, as he was billed by his
exhibitor, first appeared at Barnum's in
1842. He was then 4 years old, about 2 feet
in height and weighed 16 pounds. His sal-
ary was rapidly advanced from \$3 to \$50 a
week. The dwarf proved a wonderful at-
traction both in Europe and America, and
others were added to Barnum's company.
One of them, Lavinia Warren, married Tom

TOM THUMB.

"TOO MUCH ANARCHY."

Milwaukee democrats do not mince
words in speaking of Bryan. Patrick
Cudahy had been talking free silver
constantly for several months, but
when asked if he endorsed the Chicago
platform, he replied:"Well, I guess not. I have been
talking free silver, for I believe free
silver would mean inflation, and I be-
lieve a little inflation would not be a
bad thing. I think it would get us
out of an old rusty groove that we
seem to have gotten into. I had an
idea that the change would encourage
inflation, but I did my talking be-
fore the Chicago convention took place.
I am talking any now. There is too
much populism and anarchism in it
for me to count me out."The list of democrats who will not
support the Chicago convention is
growing every day. There is a de-
mand for another ticket which the ad-
vocates of the new democracy can vote
without abandoning their party.
Among the latter voters E. E. Chapin,
who has voted the democratic
ticket ever since he was old enough
to vote. Mr. Chapin says he will
never vote the Bryan ticket, as it does
not represent democratic principles.
Herman Rehr, formerly the idol of
the young democracy of Milwaukee,
and at one time the democratic
candidate for mayor, says he cannot
approve the Chicago platform, neither
will he vote for Bryan. Other Mil-
waukee democrats who say they will
not vote for Bryan, are Fred Kuehn,
Anton Asmuth, G. E. G. Kuehler,
August Ross, Stephen Hoff and Emil
Court. Everyone is in favor of the
nomination of a gold ticket around
which standard those democrats who
repudiate the Chicago platform can
rally.

IN A NUTSHELL.

The silver question is easy to com-
prehend when defined as it was the
other day by an employer to his em-
ployees in the following simple and
practical fashion:"My own and your welfare depends
upon the credit I can get at the banks.
I cannot get my pay for this yet for
months. To pay you wages I must
borrow money. The banks are full of
money belonging to other people, but
the officers will not lend on any se-
curity unless they are sure that they
will receive back from me money as
good as they lend me to pay you. If
the banks are suspicious they will re-
fuse me money, and I must discharge
you. All this talk about free silver
makes those who lend me money to
pay you suspicious. Do you under-
stand?"

PLAYING ON OLD STRINGS.

The greenback craze twenty years
ago had many features in common
with the silver furor of the present
day. It appealed to the weak spots in
human nature, and its crafty man-
agers played upon the feelings and
prejudices of the working man, and
the poor artisans, and the skilled la-
borers particularly, who are very
easily persuaded that they are greatly
underpaid for their services. The
promises of abundance of money and
higher wages with employment for
everybody willing to work, were the
alluring baits held out to every man
who had a vote. How the flat money
was to be got into circulation after it
left the printing press, was a subject
too remote for inquiry, or was regard-
ed as an impertinent question presu-
mably put by a hard money crank.People haven't paid the attention to
the Christian Endeavor convention
in Washington that the meeting, de-served. Politics has obscured every-
thing else. In another column The
Gazette presents a letter from Miss
Grace Kirk in which the vigor and
vitality of the Endeavor movement is
suggested. There are now 46,125
societies in the world, with an ag-
gregate membership of 2,750,000 and
they are doing excellent work for the
cause of sound morals and good
government.

WHAT 16 TO 1 MAY IMPLY.

EDITOR GAZETTE.—Please explain the mean-
ing of the phrase 16 to 1, as used today. Does it
mean the coinage of sixteen silver dollars for
every dollar of gold; or that sixteen ounces of
silver shall equal one ounce of gold; or that six-
teen silver dollars shall be required to buy what
one dollar buys today?Our correspondent's last surmise re-
garding the meaning of "16 to 1"
might not be so far out of the way.
It's worth bearing in mind.Senator Vilas is said to be prepar-
ing an address to the democrats of
Wisconsin showing how disastrous to
the business of the country Bryan's
election would be.Secretary Herbert is the first man in
President Cleveland's cabinet to bolt
the Chicago ticket, but he will not be
the last.The odds at betting headquarters
are said to be 16 to 1 in favor of
McKinley.

For Governor of Delaware.

Dover, Del., July 15.—John H. Hoff-
ecker of Smyrna was named for gov-
ernor and Jonathan S. Willis of Milford
for congress by the Addicks faction of
the republican party in convention here
to-day. It is expected the regular con-
vention, that headed by the Higgins
delegates, which will be held at George-
town Thursday, will endorse the nom-
ination of Mr. Hoffecker. The platform
indorses the St. Louis platform and
the nomination of McKinley and Ho-
bart.

Fire in an Indianapolis Brewery.

Indianapolis, Ind., July 15.—Fire
last night broke out on the second floor
of the great Leiber brewery plant.
Frank Hoffinger, night watchman, was
badly burned by an explosion of a bar-
rel of shellac. Twenty thousand bar-
rels of beer were ruined by destruction
of the ice plant. The entire loss may
reach \$100,000.

GAS MEN DREAD RIVER SMELLS

They Are Afraid of Being Suffocated By
County Sewerage Odors"There won't be any living along
the river if the county sewer isn't reg-
ulated," said Alderman Stoddard to-
day. "A regular blue fog comes off
the river, and people near the river
are complaining every day. Even the
men working on the new gas receiver
say the river smell is too much for
them and that they are afraid they
will drop off the receiver and fall
eighty feet to the ground in a faint if
something isn't done."

CHICAGO BICYCLERS RIDE HERE

Young Men Came on Wheels To Visit
Janesville Friends.George and William Hamm, who
wheeled to Janesville to visit Mr. and
Mrs. Charles H. Carpenter, left on
their bicycles at 4 o'clock this morning
for the return trip, going via Lake
Geneva.F. H. Finney and E. O. Basse wheeled
into the city today from Chicago, and
report the roads in good condition.

THE TRAVELER'S TALE.

It Was in South Africa Where He Had
His Bicycle Adventures."Yes, gentlemen," said the talkative
globe-trotter, "I have been through
some very strange adventures in my
life. The ship in which I made my
last voyage was wrecked on an un-
known island, and every soul on board,
except myself, perished. When the ves-
sel struck on the rocks I had the pres-
ence of mind to detach the pneumatic
tires from my bicycles which I was tak-
ing with me to South Africa, and by
fastening them round my waist as a
life-belt, I managed to reach the shore
in safety. The inhabitants of the is-
land, who were woolly savages of a
dark blue color, received me with great
kindness. They were an intelligent lot
of people, and soon taught them to speak
English, and set them to work to save
all the portable stuff from the wreck.
My bicycle came ashore among other
things, and when the tires were re-ad-
justed, became a source of great won-
der and veneration to the natives. I
used to go elephant hunting on it, and
had fine sport, my biggest bag being
twenty-five head in one morning.
Then a happy idea occurred to me. I let
my machine out on hire, charging a
handful of gold dust, of which the peo-
ple had any amount, for an hour's ride.
In this I was very soon worth some
thousands of pounds, and began to
think about getting home. All the
ship's boats had been destroyed, but as
I had a few tools, I soon knocked up a
large canoe out of a tree trunk. Then I
took my bicycle to pieces and re-ar-
ranged it so that I had a pair of paddle-
wheels to work with my legs when I
got tired of rowing. I shipped the gold
dust as ballast, and put to sea amid the
sorrowful farewells of my kind friends.
After an eventful voyage of three
weeks I was picked up by a Dutch
schooner and landed at Rotterdam. Un-
fortunately, on taking me on board, the
clumsy fools upset my boat, which
went to the bottom with all the goods.
Otherwise I should be a rich man this
day.""A very remarkable adventure!" said
a quiet man in the corner. "As it hap-
pens, I can corroborate some of the de-
tails. A few months ago I visited an
island such as you describe. There
were lots of elephants and heaps of gold
dust. The natives, who looked uncom-
monly blue, told me that a white man
had been staying with them and had
only left a short time before I arrived.
It couldn't have been you, though, be-
cause they said he was the biggest liar
they had ever met."

LATEST IN FREAKS.

This Chicken Only Had Four Legs, Three
Wings and Two Tails, That's All.Four legs, three wings and two tails
comprised the unusual allotment doled
out to one brown Leghorn chicken
hatched among a brood of a dozen at
the feed store of Lubben Bros., of Ala-
ameda, Cal., this week. This most re-
markable freak of nature has attracted
despised interest in Alameda and for
three days past the little marvel
has been the subject of a great deal of
curious, scientific and otherwise. The
chick bore its shell on Monday last.
The abnormal allowance of limbs did
not attract attention until the downy
little monstrosity commenced to move.
Then the surplus of legs, wings and
tails was discovered. The little fowl
was able to move at ease in all di-
rections, and its comfort was in no wise
impaired by the unusual number of
limbs scattered about its tiny body. The
distribution of the quartet of legs is pec-
uliar. Two are naturally located be-
neath the body. The toes of each pair
of legs turn toward each other.

The Strasburg Clock.

It is frequently mentioned, but sel-
dom described. It is the most wonder-
ful timepiece in the world. It was con-
structed in 1570. On its plate was a
celestial globe, with the motions of
sun, moon and planets. The phases of
the moon were presented and there was
a perpetual almanac, the day of the
month being indicated by a statue. Ev-
ery quarter was struck; the first by a
child with an apple; the second by a
youth with an arrow; the third by a
man with the tip of his staff, and the
last by an old man with his crutch. The
hour was struck by an angel. Another
angel stood by with an hour glass,
which he turned when the hour was
struck. On the arrival of each hour a
golden rooster flapped his wings,
stretched his neck and crowed twice.—

Stevenson to Support Bryan.

Bowling Green, Ky., July 15.—Vice-
President Stevenson and family arrived
in the city Tuesday morning from
Bloomington, Ill. The vice-president
said: "I will support the nominees of
the Chicago convention, but as to the
outlook, I am not well enough posted at
present to give an opinion."

Wisconsin Republican for Bryan.

Milwaukee, Wis., July 15.—The an-
nouncement is made by John Toohey,
one of the leading republicans of this
city, that he could not vote for the
gold platform and would support Bry-
an. Toohey declares that in this coun-
ty the silver ticket will be elected by an
overwhelming majority, while if the
state is canvassed properly it will go
for Bryan.

THE SIDE RIPPED OFF THE \$50,000 TRAIN

LAT CAR PLAYED HOB WITH THE VESTIBULE.

The "Varnished Train" Reached Janesville in Deplorable Condition This Morning Because of the Careless Way a Gravel Car Was Thrown Into a Monona Siding.

One homely gravel car did it. The side of the new \$50,000 vestibule, tells what a gravel car can accomplish.

On one side of all those handsome black sleepers the panelling has been scraped off, car steps have been dislocated, platforms wrecked and plate glass shattered.

The accident happened about 5 o'clock this morning.

Just as the vestibule came through the Monona yards south of Madison, the destructive flat car was encountered. It was on a side track that connected with the main line, and the car had been "kicked in" so hastily that a corner stuck out.

The engine of the passenger train passed it, but the coaches suffered. Beginning with the baggage car and running clear back to the smoker the panelling was shattered and split while car steps and plate glass doors suffered. The damage was made greater by the fact that the train was fitted with improved pattern vestibules which run out flush with the sides of the cars. These vestibules suffered greatly.

Passengers in the sleeping cars were nearly all asleep, and awake in error, when the accident occurred. The noise was startling and in a moment the aisles were filled with half clad people apprehensive for their safety.

Although the cars were disfigured greatly they were not so badly injured that the trip to Chicago could not be made. The train was put in the shops there and a full report made by the crew.

FEW SEEM TO WANT ANOTHER TICKET

LOCAL DEMOCRATS RELY ON VEST POLITICS.

Politics and Personal Chat Mingled at the Supper in Honor of Gen. J. B. Doe's Return From the East—Talks With Some of the Janesville Delegates.

Janesville democrats are uncertain what attitude to take as far as the public campaign is concerned. Sound money sentiment is very general, and the only question thus far has been how much formality should attach to the bolt.

Assistant Secretary of War J. B. Doe came home last night and a small company of democrats met him at supper, Mrs. Ferslew being the hostess. Politics were discussed, very naturally, but no definite conclusions were arrived at. The party included: Dr. J. B. Whiting, P. J. Mout, Dr. O. P. Robinson, Richard Valentine, J. F. Sweeney, Dr. Joe Whiting, W. E. Swenson, V. P. Richardson, John Winans, Wilson Doe.

"I am against the idea of another democratic nomination," said one of the members of the party this morning. "While I don't wish to have my name used in connection with the statement, I think the best thing to do is to let the regular party organization stand and at the same time leave sound money democrats free to defeat Bryan in the surest possible way by voting for McKinley."

All the Rock county delegates to the Milwaukee democratic convention have been asked for their opinion of a second democratic ticket. The answers are to be published in Milwaukee. Several have written objecting to another convention and suggesting, between the lines, the idea already stated.

WILL DRINK ONLY UNION BEER

Labor Unions Decide on Beverages For Their Big Picnic.

There was a hot discussion at Central Assembly hall last evening over Labor Day picnic arrangements.

Janesville or Milwaukee beer? was the question.

It was decided after a spirited debate that Janesville beer could not be used unless the local breweries organized on a union basis. If the union scale is adopted in Janesville, Janesville beer will flow at the big September picnic. If it is not adopted the beer will be drawn from Milwaukee barrels.

Neither Buob Brothers or L. F. Knipp have been notified fully of last night's action and are not yet prepared to say, therefore, what their decision will be.

"The union scale wouldn't make any particular difference here," said one of the Janesville brewers this afternoon. "The only reason a brewers' union has never been organized here is that members are scarce."

LESS MONEY RAISED BY TAX THIS YEAR

LEVY PROMISES TO BE \$14,000 LIGHTER.

Treasurer Fathers Has Been Making Figures That Look Very Favorable For the City—Judgment Fund Needs Nothing and Several Other Funds are Cut Down.

Taxes will be lower this year, it is believed. City Treasurer Fathers has been making some estimates on the money that will be required, and will turn his figures over to Alderman Heddies. The judgment fund needs nothing this year, the lighting fund can be kept at \$11,500 if no more lights are ordered than are in use now, and the highway and bridge fund can be cut from \$2,800 down to \$200.

There will be a reduction of \$6,000 in the bonded debt fund and the Third ward fund can stand a little pruning, the aldermen think.

Treasurer Father's figures on the 1896 levy as compared with that of a year ago are as follows:

| | 1895. | 1896. |
|------------------------------|----------|----------|
| School fund..... | \$23,500 | \$23,000 |
| General fund..... | 10,500 | 10,500 |
| Fire and water fund..... | 11,000 | 10,000 |
| Library fund..... | 3,000 | 3,000 |
| Gas fund..... | 12,000 | 11,500 |
| Highway and bridge fund..... | 2,800 | 200 |
| Bonded debt fund..... | 11,312 | 5,250 |
| Judgment fund..... | 1,200 | 0 |
| First ward fund..... | 2,500 | 2,500 |
| Second ward fund..... | 1,600 | 1,600 |
| Third ward fund..... | 3,500 | 1,000 |
| Fourth ward fund..... | 2,500 | 2,500 |

SUMMER COSTUMES.

Taffeta, Foulard, Pongee and Lightweight Silks For Hot Weather.

A certain number of red costumes are seen, and the blue tones have not yet disappeared from fashionable favor, but the general preference is for paler and more delicate tints. It is hard to modify red, but blue shades are usually softened by being combined with white, straw and black and partly covered with applications of lace or embroidery. Black and white in combination are still much liked, and are associated in every kind of way, in stripes, figures, checks and differing materials.

Silk continues to enjoy universal popularity. In black and colors, plain, figured, plaided and striped it is the prevailing material. The fashionable weaves, taffeta, foulard, tussore and pongee, being thin,

TAFFETA COSTUME.

Light and cool, are admirably adapted for summer wear, although the heavier grosgrain, faille and satin are suffocatingly warm. Armure, peau de soie and damask are also worn by women who are unaffected by a high temperature.

Tulle is one of the most characteristic features of this season. Even more substantial than chiffon, which had its day of triumph a few years ago, it is seen as a trimming in all possible and impossible places and forms a part of the cheapest as well as the most expensive toilet. It is employed on hats, as an adornment for light gowns, in the form of ruffles, cravats, plaitings, ruffles and collars. Plain tulle, black, white and colored, is being superseded by dotted and figured tulle, but the plain is usually the prettiest. A very good effect is obtained by using two different colors of plain tulle together, one over the other. This gives a changeable aspect which is entirely up to date.

Today's sketch illustrates a costume of green and rose glaze taffeta with pin stripes. The skirt has godets at the back and is laid in two wide plaits at each side of the bodice, three large buttons ornamenting the upper part of the forward plaits. The close bodice is cut away in front to show a tight vest of white faille which has a short, rippled basque. The bodice itself forms a full basque at the back. Large revers of eucalyptus green adorn the upper portion of the bodice and the revers of white tulle. The bodice is closed with small gold buttons and the front of the bodice is ornamented with large buttons like those on the skirt.

JUDIC CHOLLET.

FASHION NOTES.

Grasscloth Capes—A very Summer Petticoats of Tulle, Batiste.

Veils are still an important item of the toilet. A shirred veil with chenille spots is the latest style. Veils are worn, but they must be perfectly fresh to look well.

Quills are a favorite millinery trimming this season and are used in great profusion in all colors.

Capes of embroidered grasscloth are seen. They are made over a pink or light batiste lining, which shows in the form of pinked frills at the edge. These colored batiste linings are also employed for gowns of plain or fancy grasscloth. The breadths

SUMMER GOWN.

of the skirt are often joined by a band of openwork insertion, through which the color shows.

Fancy gauze and grenadine are in great demand. Grenadine skirts are sometimes trimmed up the front seams by coquilles of black lace with pinked glaze silk bows and a buckle as a finish.

Summer petticoats are seen of delicately colored batiste pink, blue or lavender. They have a wide white muslin frill, several inches deeper at the back than at the front and sides, trimmed with two or three lace frills.

Separate waists are worn in great variety. There has not been any great change of style since last summer, and bodices of a previous season can be easily made to do duty again, with a little fresh trimming added. Bodices made of dresden ribbon and lace insertion are a pretty novelty. The ribbon is about 4 inches wide, the lace about 2 inches. These are arranged in V shaped points back and front, the points reaching the waist line. There are a ribbon and lace collar and a fancy belt. There are also bodices of puffed bands alternating with lace insertion running horizontally.

An illustration is given of a gown of red green changeable taffeta with a running purple design. The godet skirt is entirely plain. The bodice, which is fitted at the back and full in front at the waist, is ornamented with embroidery, as is the square yoke, which is surrounded by a ruffle of white lace. Coquilles of white lace are carried down the outside of the sleeve, which terminates at the elbow. The belt is of dark red silk. JUDIC CHOLLET.

Getting Serious.

"So you've broken your engagement, Ethel?"

"Yes, George was so foolishly impetuous that he practically forced me to do it."

"In what way?"

"Why, he took everything so seriously that I found I'd very likely be expected to marry him if I permitted the engagement to last any longer. Some men are so foolish, you know."—Chicago Evening Post.

WOMEN are not the only ones who are sensitive about their ages. A man doesn't like to be told that he is getting old. Health keeps a man young. It doesn't make any difference if he has lived eighty years. If they have been healthy years, he will be hale and hearty and won't look within twenty years as old as he is. Good digestion and rich, red blood make people look youthful. Dr. Pierce's Golden Medical Discovery makes rich, red blood. It makes health in the right way. It works according to the right theory, and in 30 years of practice, it has proved that the theory is absolutely correct. It begins at the beginning—begins by putting the stomach, liver and bowels into perfect order, but it begins its good work on the blood before it finishes with the digestive system. It searches out disease germs wherever they may be and forces them out of the body. All druggists keep the "Discovery."

—New York Tribune.

TRAIN CAN'T WAIT.

She is just 18, with golden hair and
ray eyes—large gray eyes that laugh
as well as her red lips. Her figure,
ough a little frail, makes one think
hat a pretty woman she will be soon.
er hands and arms are those of a
child. Is she not still a child? Clara
eft school but a fortnight ago. She is
he beloved and only daughter of a rich
miller in the neighborhood of Avesnes.

Nothing is more poetical than a mill
in the country. It does not disturb the
silence of the air with its monotonous
tick tack. On the contrary, its noise,
strong and regular, is like an accompani-
ment to the many other noises of
the wind, and of the trees, and of the
birds. Clara was charmed with it all.

During a few days after her arrival
the whole house was upset, making and
receiving calls, dinner parties, dancing
parties, lawn tennis—the days were not
long enough to hold their pleasures.
Then all was quiet at the mill.

In the orchard, which was large, the
walks were spread over with sand, and
the trees, loaded with fruit, afforded a
beautiful, shady grove. This was Clara's
favorite nook. Here she would go and
read poetry. She had been given the
works of Lamartine, beautifully bound.

Now, Lamartine is a very tender poet,
and Clara was still in her teens, and
this was summer, and the fragrance of
the flowers and the murmur of the
breeze acted on her young mind, and
through this book she would dream of
things that she had never dreamed of
before.

One day her mother asked her if she
remembered her cousin Albert.
"Oh, yes, indeed!" said she. This
answer came from her heart. She
blushed, and from her neck to her brow
she felt that sort of electricity that is
produced by a little shame and a great
pleasure.

"Well," said her mother, "you will
see him very soon."
Clara was about to say, "Oh! how
glad I am," but she thought it more
proper to say nothing.

And why was she silent? I will tell
you—it was because she had read Lamar-
tine. Why does pretty poetry make one
false? Well, I don't know, but it speaks
of love—and what is love?

"Well," said Clara, "I have not seen
him for two years. I suppose he is
changed."

"Not more than you," said her moth-
er, casting a loving glance of admiration
at her daughter. "You were a little girl
when you went away. You are a young
lady now."

Clara ran off to her beloved grove to
hide the blushes on her cheeks and the
beatings of her heart. She sat down,
drew from her pocket her volume of
poetry, but read not a line.

Albert arrived a few days before he
was expected, but she was thinking of
him. She always had roses on her
cheeks, but these roses changed into
peonies when she saw him, and her
hands trembled. He took hold of those
hands and kissed her on both cheeks.

He was a medical student who had
not yet in his brain the least thought of
anything serious. He had suddenly dis-
covered in himself a vocation for the
beautiful science of Æsculapius, that he
might go to Paris to spend a few years
of his life and waste a few thousands of
his father's francs.

"Ah, little cousin," said he, "you
are pretty now. Why, I am afraid I
shall fall in love with you."

She looked at him, not knowing what
to say.
"Have you forgotten the good times
we had in this garden and over there
in the woods?"

"Oh, no," said she.
"And when we would go rowing and
I would scare you by swinging to and
fro in the boat to capsize you?"

"Oh, no. I remember it all."
"Then why don't you put your arms
around my neck and say pleasant things
to me as you did then?"

"I don't know," she faltered.
Then he said to himself, "This cousin
of mine must be a little simpleton."
"Well," said he, aloud, "and what
is this book?"

"Lamartine. It is beautiful."
"I don't think so. I think it stupid."
Then, seeing that she was somewhat
abashed, he added, "Why does it dis-
please you that I should not care for
Lamartine?"

"Because I love his poems."
"Well, if I read poetry I want Alfred
de Musset. I shall send you his works
when I get to Paris."

At this moment they heard a quick
and firm step on the sandy walk, and a
young man came upon them.

"Excuse me, mademoiselle," said he.
"I have just learned that Albert is here
and I have come to shake hands."

An old saying came to Clara's mind:
"Two is company, three is a crowd."
She was too well behaved to say it, so
she left the two young men together.
When alone, she reflected that Albert
was a very nice cousin, and might make
a very good husband. As for his friend—
well, he was a very good looking man

and might be a very nice fellow—but
what a difference between the two!

"Your cousin is a charming girl,"
said Jack.

"Oh, yes, but she is only a school-
girl."

"Well, what else can she be? She is
just out of school and not a woman
yet. Do you know what were my
thoughts as I looked at you both?"

"How can I know?"
"I was thinking that you would make
a pretty couple."

"Now, Jack, what harm have I ever
done you that you should want to chain
me down?"

"Are you not 25?"
"Is that old age?"

"Would you give an old man to your
cousin, who will be only 19 next year?"

"In two years she will be 20—that
will be better still. Then I will be a
serious man and an M. D."

"Clara is a good match; our fortunes
are about equal. I think I might make
a living in this country. Well, who
knows what may happen one day? I
have plenty of time to think of it."

"I think your cousin deserves better
than that, and you ought to be in love
with her."

"What! Love at first sight! I do think
Clara is pretty, but—plenty of time—
plenty of time!"

Everybody seemed happy at the mill
—even Clara, who listened with pleasure
to the compliments of her cousin when-
ever he chanced to be with her, and she
thought him so witty that she quite for-
got to show her own wit before him.

In the meantime she was hoping that
he would propose before going back to
Paris; but the last day dawned, and he
had not said the least word about mar-
riage. She hoped till the last hour;
then, till the last minute.

Albert gave kisses all around and said
to her: "I will come back next year. I
will write to you and send De Musset's
works, as I promised."

She plucked up courage and said to
him, "Is that all you want to promise,
Albert?"

He understood what she meant, but
would not promise more, and as his eyes
rested on the clock he said: "Goodbye,
cousin; the train is here—it cannot
wait."

The life of a student, especially that
of a student who does not study, is just
as tiresome as any other.

There comes a time when he gets tired
of beer, wine and cigars.

Albert was in one of his dark days.
Since morning he had felt cross, and
would not even smoke; his pipe lay on
his table with a pile of books and dusty
papers. His tobacco pouch reminded
him of Clara—she had embroidered it
for him during the week he had spent
with her. Then he was also reminded
that he had promised to write and send
De Musset's works. He felt unhappy
at these thoughts, and remorse made
him go out to repair his forgetfulness.

There is a knock at the door. The
servant brings up a letter to him. It is
from his mother.

His drowsiness gives way as he reads
the lines; he gets up in a passion, upset-
ting the table and everything upon it.

Clara is to be married, and in a
week too! And he is expected to attend
the wedding!

"And whom does she marry, I won-
der?" exclaims he; "some common coun-
try lad, I suppose. No, it cannot be! I
must go there and stop it; she cannot
be sacrificed in this way."

Two hours later he started with a
valise in one hand and a bundle under
one arm; it was Musset's works.

Clara met him at the garden gate;
she was looking as fresh as the flowers,
and he, being conceited, thought that
the happiness expressed on her face was
due to his presence. She was less timid
than last year and a little stouter; one
could read her heart through her gray
eyes and her smiles.

"Is what I hear true, Clara?"
"Certainly; I was about to write to
you. I want you here for the wedding."

"It is impossible!"
"Quite possible and true."

"With whom?"
"With Jack, of course."

"Ah, the scoundrel! There is nothing
like a friend to betray one."

"Why, Albert, what a short memory
you have! Poor Jack would not speak
of love before he was quite sure of your
feelings toward me. I am very thankful
that you set him at liberty to speak. I
am so proud and happy at being loved
by such a noble heart."

Albert threw his bundle on the table.
"What is that?" asked Clara.

"Musset's works. I had promised
them to you."

"You are too late, cousin. Jack gave
them to me long ago, as I was com-
plaining of your forgetfulness."

"Tell me, Clara—this is all a dream,
is it not? You are not going to marry
Jack?"

She laughed. "And why not?" said
she.

"Because I love you; because, if you
mean to marry Jack, I start by the first
train, and you shall never see me again."

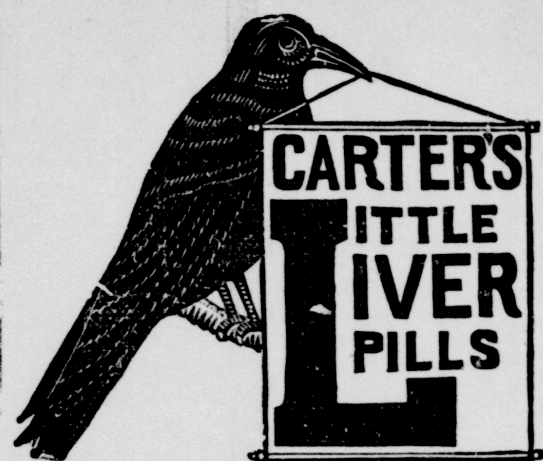

She looked at the clock, as he had
done the year before, and said archly,
"Then hurry up, cousin, for the train is
here, and it cannot wait."—From the
French.

Mountain Railways.

The oldest mountain railway in Eu-
rope is the Rigi, opened in 1871, but
the Mount Washington railway in
America was established in 1868. This
is also one of the steepest. And another
is the Green mountain line, also in the
United States. The Petersburg in Ger-
many is very steep, but the steepest of
all is the Mount Pilatus in Switzerland.

Potatoes.

Have you ever tried cooking potatoes
in lard like doughnuts? Select the
smaller potatoes and peel and drop them
into boiling fat. They will come to the
surface when they are cooked and
should be drained on brown paper. The
potatoes may be rolled in beaten eggs
and bread crumbs before cooking them
if desired.
